## **Introduction to Hainan**

All regions of the world offer fantastic opportunities for internships as an English teacher - and China is no exception. Coming all the way to Hainan Province in order to teach English has become increasingly popular in recent years, where the tropical climate and beautiful beaches alone are enough to attract almost anyone. As a tourist destination, however, Hainan is practically unheard of in the west. In Hainan you will therefore be able to experience authentic and pristine Chinese culture, local ethnic minorities (Li and Miao), awesome cuisine and warm people of southern China. At the same time you will be able to have the convenience of everything modern life has to offer, such as modern infrastructure, transportation as well as a lively nightlife.
